COURSE REQUIREMENTS

Attendance/Assignment Completion: Because this class meets only once a week and so much material is covered each class period, it’s very important to be on time for class and stay the full time. Only one absence is allowed. If class is missed a second time, the student will unfortunately be withdrawn from the course. Also, if a student misses three assignments (e.g., CTQs, title card, research paper, LIB 736), she or he will unfortunately be withdrawn from the course (seriousness about a course is shown by regular attendance and completion of assignments). Avoid being absent or tardy on an exam day or when an assignment is due. If you come to class after roll call, be sure to see me at the end of class so I can mark you as present. Students’ with perfect attendance (never absent, tardy, leave early, or exit class during class from the first day of class) will receive a half grade boost to their final grade. Keep track of your attendance. Students are also required to complete a minimum of six workshops or small group study sessions over the course of the semester sponsored by the Writing Center.

Classroom Etiquette/Participation: Please turn off and put away all electronic devices during class unless being used for a legitimate class purpose (e.g., taking notes). The first breach of this requirement will result in the student being dismissed from class for the rest of the day (with forfeiture of their half grade boost), and the second, the device will no longer be allowed in the classroom. No recording of the lectures is permitted unless determined by the Disability Resource Center. When your name is called during roll call, raise your hand high and shout “here” so I can be sure to mark you as present. Respect others’ beliefs, feelings, etc. in class—just as you would like others to do for you. Avoid self-disclosing or asking how to handle personal problems in class or in my office (Gavilan College and the California Community College Chancellor’s Office provide resources for you to succeed overall during your college experience. Go to http://ccc.kognito.com for an online training to learn about these opportunities, or to Gavilan’s Counseling website at www.gavilan.edu/counseling/ or Student Health at www.gavilan.edu/health). No eating or drinking (except water) is permitted in class. See me before inviting visitors. Sit close to the front of the class (rather than in the back or the sides of the class), and come prepared to participate in order to maximize learning (speak clearly and loud enough to be understood). Students with regular quality class participation will have five bonus points added to their lowest exam score.

Critical Thinking Questions (CTQs): Students must type an answer to one or more CTQs for each of the 14 chapters. The answers should be single-spaced and typed in Times New Roman 12-font. The
CTQs will be posted online at least a week before they’re due. Each CTQ answer should be typed on a separate sheet of paper. If you turn in more than one CTQ answer at a time, staple them all together. Steps to typing strong CTQ answers: (1) read the CTQs carefully, (2) read the chapter carefully that the CTQs come from, (3) take time to think about and formulate your CTQ answers, (4) type your answers up according to the instructions on the CTQs website, (5) type only what directly and specifically answers the CTQ, (6) don’t wait until the last minute to do the CTQs—have them printed out, and ready to turn in no later than the night before they’re due, and (7) check your CTQ answers before you turn them in to make certain that you’ve followed the instructions. A CTQ example answer is on my website. CTQ answers must be turned in before roll call is completed and stapled (if necessary) to be accepted. I strongly suggest taking the quizzes throughout the textbook to facilitate chapter understanding.

Research Paper: Students are required to type a 10 (full) to 12 page research paper on a topic in psychology (see Instructions for the 10 to 12 Page Research Paper below).

METHODS OF EVALUATION—keep track of your points/grades

Examinations: Exam 1 will cover chapters 1, 11, 4 and 3, exam 2: chapters 5, 6, 7, 2, and 8, and the final exam (Thursday, December 17 from 6:00 p.m. to 8:00 p.m.): chapters 9, 10, 12, 13 and 14 and pulling it all together (not a comprehensive exam). Exams 1 and 2 will start at 6:00 p.m. If late for any of the three exams, the exam can’t be taken. All three exams will include a combination of short answer, essay, multiple choice and true and false items from the lecture notes, CTQs, textbook, small group work, and discussions. Please start studying for the exams the day you first receive notes for an exam so that cramming and stressing out can be avoided, and learning and grade satisfaction are maximized. Bring a large (11" x 8.5") green book to each exam. Sorry, no make-up exams are available.

Grading System:
Exam 1 (100 pts.) ----------------------------------------------- 16%
Exam 2 (100 pts.) ----------------------------------------------- 16%
Final Exam (100 pts.) ------------------------------------------- 20%
Critical Thinking Questions (100 pts./7 pts. each CTQ)---------- 18%

INSTRUCTIONS FOR THE 10 TO 12 PAGE RESEARCH PAPER
PSYC 10 Introduction to Psychology
Fall 2015

Your research paper should cover a topic in psychology of interest to you. The ideas for your research paper must come from the textbook. Your research paper title must be cleared by me face-to-face through bringing a list to me with your name on it of five research titles (ranked from your first to fifth choice) written down according to the phrasing of the Example PSYC 10 Research Paper Titles on my website (don’t choose your titles from this list—they’re just examples). Bring your textbook with you to show me where in it you got the ideas for your five research titles. After I approve your research title, you can turn in a research title card. The research title card (3” x 5”) should contain the information listed on the “Research Title Card Example” below. The title card must be turned in correctly filled out by Thursday, September 24 before roll call is completed. If the title card isn’t turned in by this date, you can’t write a research paper, and therefore won’t receive any points for this assignment. If your card is turned in incorrectly done, you won’t earn any points on it. Once your approved title card is turned in, you have one week to determine if there are enough empirical research articles: all contain a Method and Results section (please review Empirical Research Example 1, 2, and 3 on my website to be clear on this expectation) available to write a research paper on it (don’t base your paper on abstracts; download the full articles that you plan to use in your paper). If there aren’t enough empirical research articles on your title, you’ll have to come up with five more titles and have me approve one of them by the end of that week. Be sure to make a copy of the final title card approved (worth up to 5 pts) for yourself. Your research paper title drives your paper—ONLY WRITE ABOUT WHAT YOUR TITLE SAYS.

The research paper should be 10 (full) to 12 double-spaced pages long; not including the cover sheet or references page(s). Make sure to number your pages in the upper right-hand corner (the first page number begins on the page where you start writing about Why I Chose to Write on My Topic, and the last page number ends on the last page of your references list). You must have a minimum of seven (7) differently named references (journals), all of the articles in them must be empirical research articles, and at least two thirds of the references (journals) must be dated 2000 or later. Only articles where an author and its origin can be cited can be used in the research paper. PLEASE READ the PSYC 10 Research Papers and References List Examples on my website MULTIPLE TIMES to be clear on what your research paper should look like. Make sure to consult the American Psychological Association (APA) Formatting and Style Guide and APA Citation Examples links on my website for additional details regarding how your research paper should be written. I encourage you to use the Writing Center for help in writing your research paper. The research paper must be original research; not a rewritten paper from this class or another class, or from someone who wrote the paper for you, and must be printed out in Times New Roman 12-font. You can gather articles for your research paper from Ebscohost or other data bases through the Gavilan College library. Contact the staff at the library NOW for access to Ebscohost and other data bases, and for help in researching your topic. Students are required to complete LIB 736 Develop a Research Topic. You have three weeks once the online class is opened to successfully complete all six modules. Incompletion of LIB 736 will result in five points being deducted from your research paper. Also, there’s an excellent online tutorial on Researching Empirical Studies (articles) for PSYC 10/11 on the Gavilan College Library website under Find Your Class, Class Web sites.

There are five sections in the research paper: (1) Why I chose to Write on My Topic (worth up to 5 pts.), (2) What the Research Says About My Topic (worth up to 50 pts.) should describe the topic you’re writing on, and present the information, theories, findings, citations, etc. related to your topic and make up the majority of the pages in your paper (no personal or treatment statements are allowed in this section) —only put what the research says in this section, (3) What I Learned Personally, Interpersonally and
Professionally (worth up to 10 pts.), (4) How I plan to Apply What I Learned Personally, Interpersonally and Professionally (worth up to 10 pts.), and lastly, the (5) References page(s) (worth up to 20 pts.). The first, third and fourth sections of your research paper should take up no more than three pages combined. The cover sheet of your research paper should have your research paper title, your name, my title and last name, the class title and meeting days and times, Gavilan College, and the date the paper was handed in all centered (see cover sheet example below).

Two copies of the research paper and a copy of only those pages from the articles used to write your paper (stapled in alphabetical order in separate sets with the information from the articles used in the paper highlighted in yellow) must be turned in by Thursday, October 29 before roll call is completed—no excuses. Make sure to write the citations for the articles you use on the first page at the very top of the articles you turn in (if this information isn’t already provided), and that I can tell that each article has a Method and Results section. All material must be placed in a 10” x 13” manila envelope with your name on it. Five points will be added to papers turned in at least a week early by 6:00 p.m.—I BEG YOU to schedule the research paper due at least a week early in order to earn the five bonus points. I BEG YOU to take time to check your research paper against the Outline for the 10 to 12 Page Research Paper, Checklist for the 10 to 12 Page Research Paper below, and the Example PSYC 10 Research Papers on my website before you turn it in to make certain that you’ve followed all of the instructions so that learning is maximized and valuable points aren’t lost.

CHECKLIST FOR THE 10 TO 12 PAGE RESEARCH PAPER
Staple this sheet to the front of one of the copies of your research paper. **Five points will be deducted if not attached to the front and filled out.** Put a check next to the statements that are **TRUE** for your paper.

1. ____ My research paper is original research; not a rewritten paper from this class, another class, another student, any other person, through the Internet, or anything else.

2. ____ My research paper is 10 (full) to 12 typed double-spaced pages long; not including the cover sheet or references page(s), and is printed out in Times New Roman 12-font. It includes a cover sheet with my research paper title, my title and last name, the class title and meeting days and times, Gavilan College and the date the research paper was turned in all centered. The first page number begins on the page where I write about why I chose to write on my topic, and the last page number on the last page of the references list. No more than 3 pages have been used to cover the first, third and fourth sections of my research paper. My research paper is stapled together in the upper left hand corner.

3. ____ I have at least seven (7) differently named references (journals), all of the articles I used are empirical, and at least two thirds are dated 2000 or later.

4. ____ The overall style of my research paper is in harmony with the American Psychological Association Formatting and Style Guide and the sample research papers on my website.

5. ____ The first section of my research paper describes Why I Chose to Write on My Topic.

6. ____ The second section of my research paper, What the Research Says About My Topic, describes my topic, and presents the information, theories, findings, citations, etc. on my topic based on what the research says (I put no personal or treatment statements in this section).

7. ____ The third section of my research paper addresses What I Learned Personally, Interpersonally and Professionally.

8. ____ The fourth section of my research paper addresses How I Plan to Apply What I Learned Personally, Interpersonally and Professionally.

9. ____ The fifth section of my research paper (starts on a new page) is the References page(s).

10. ____ I have highlighted in yellow all the information in the articles that I used in my paper. I have also made sure that the first page of all the articles I used in my paper is attached. If this first page doesn’t contain the author(s) name, title of article, year the article was published, name of the reference the article is published in, and the pages in the reference where the article can be found, I have written this information clearly at the very top of each first page.

11. ____ I have enclosed everything in a 10” x 13” manila envelope with my name written on it—the order of material in my envelope is two copies of my research paper first, and only the pages of the articles I used in my paper second (stapled in separate sets in alphabetical order).

12. ____ I turned in my research paper to Dr. Oler in class on Thursday, October 29 before roll call was completed: __________________________ signature and phone number.
