

MAKING A SANDWICH (Chant)

#8

Part 1

Part 2

Hey, let's make a sandwich.

OK, OK.

Get out the peanut butter.

Yummy in the tummy.

Get out the jam and bread, please.

Jam and bread, jam and bread.

Take out a knife, get ready to
spread.

Let's spread and spread right on
that bread.

Spread peanut butter real real thick.

On one slice, that's real nice.

Now cover the other with lots of jam.

With grape jam, not ham!

Place one slice on top.

And one slice on the bottom.

Cut that sandwich into halves.

For me and Sister Gracie.

Let's eat and eat and eat it!

OK, OK!
