EXAMPLE PSYC 1B RESEARCH PAPER TITLES

The Biological Effects of Marijuana on the Brain
The Neurobiological Causes of Marijuana Addiction
The Biological Effects of Cocaine on the Brain
The Biological Effects of Caffeine on the Brain
Neurobiological Effects of MDMA (“Ecstasy”)
The Neurobiological Causes of Panic Attacks
The Neurobiological Causes of Obsessive Compulsive Disorder
The Neurobiological Causes of Depression
The Neurobiological Causes of Bipolar Disorder
Biological Causes of Schizophrenia
The Biological Causes of Premenstrual Syndrome
The Neurobiological Causes of Autism
The Biology of Temporal Lobe Epilepsy
The Biological Causes of Epilepsy
The Neurobiological Causes of Alzheimer’s Disease
The Effects of Serotonin Level on Behavior
Neurobiological Effects of Insomnia
Neurobiological Effects of Stimulants
Biological Causes of Aggression in Children
The Effect of Music on Brain Functioning
Neurobiological Effects of Insulin on the Brain

Biological Causes of Sexual Orientation

The Biological Effects of a High Sugar Diet

Neurobiological Causes of Dyslexia

Biological Effects of Sleep Apnea

Effects of Anorexia Nervosa on the Body

Biological Causes of Eating Disorders

Neurobiological Effects of HIV

Effects of Prenatal Drug Exposure on the Fetus and Later Development
